Outline

- Clarifications with respect to deliverable 2.7 and WP2/WP3

WP2 providing the right input to WP3 !

WP3 ?→ WP2 → WP3 ?→ WP2 ...

- Deliverable 2.7 is a good starting point provided that a dynamic relation is maintained between the two WP
- National settings vs European platform (closed environment vs an open environment with enhanced capabilities related to PET, gamification, auditability, etc.)
- In many of the questions: Learn from existing experiences of WP2. Answers should be found from WP2

WP3 input to WP2 on privacy and other issues

- Beyond existing solutions (viz. tools) on:
 - **Privacy preservation**
 - **Data governance**
 - **Data security**
- Gamification and citizens' engagement
- Solutions for diary based surveys (WP2) vs agnostic surveys with respect to the time dimension (WP3)
